 Microsoft Office Suite

Employment History

While completing my degree through distance education, I have worked on an ad-hoc or contract basis with academics in different universities. The major projects I've been involved with are as follows:

Period	2009
Position	Graphic Designer & Desktop Publisher
Employers	Dr Katie Makar (University of Queensland) Dr Vince Gieger (Australian Catholic University) The MAACAS Project

Period	2008-2009
Position	Editorial Administrator - <i>International Journal of Home Economics</i>
Employers	International Federation of Home Economics

Period	2007-2009
Position	Graphic Designer & Research Assistant
Employers	Associate Professor Donna Pendergast, Griffith University

Period	2007-2009
Position	Graphic Designer & Research Assistant
Employers	Dr Shelley Dole Lead Researcher ARC Linkage Project: Making Connections in Science and Mathematics

Period	2001-2006
Position	Administrative Officer
Employers	School of Education, University of Queensland

Matrix of projects

<i>Projects</i>	<i>Tasks</i>
The MAACAS Project Dr Katie Makar & Dr Vince Gieger 2009	<ul style="list-style-type: none"> • Design a logo for the MAACAS project: <i>Mathematical Applications and Computer Algebra Systems</i> • Design a style for MAACAS project publications • Format MAACAS educational material to meet style standards • Create diagrams and illustrations for MAACAS educational material • Proofread and ensure consistent writing style • Maintain mathematical formulae and scientific notation
International Journal of Home Economics (IJHE) 2008-2009	<ul style="list-style-type: none"> • Design cover for <i>International Journal of Home Economics</i> (IJHE) • Design publication style for IJHE • Create process for publication • Create database to track progress of each submitted article, through review and change process • Manage peer review process of IJHE, including correspondence with authors and reviewers, following up due material, advising of editor's decision • Proofread, report to editor, advise recommended changes consistent with APA and Journal style • Format each issue of Journal to high standard, including redesigning any graph or graphic that does not meet Journal standards • Provide International Federation of Home Economics and indexing services with finished Journal in PDF, with articles separated
ARC Linkage Project: Making Connections in Science and Mathematics Dr Shelley Dole Dr Tony Wright Professor Doug Clarke 2007-2009	<ul style="list-style-type: none"> • Design a logo • Format and style all materials for students and teachers involved in project including diagnostic tests and learning materials. • Create a database and enter all data from diagnostic tests over three years, six schools and over 1600 participants, tracking results for individual students. • Produce reports showing statistical data • Participate in meetings as administration assistant, arranging catering, stationery, minutes as required. • General research
Associate Professor Donna Pendergast 2007-2009	<ul style="list-style-type: none"> • Produce graphics, diagrams, designs, presentations for books and international conferences • Create animations as required for international audiences • Collaborate on research • Create DVD from PowerPoint • Create and maintain databases as required, collate and analyse data • Format documents to high standard for publication
